CHILING FELL.—One hundred square feet of the plastering of the dining room ceiling in the St. Charles fell yesterday morning shortly after 11 o'clock and played safe with two tables that were set for dinner. Fortunately no one was in the room at the time.

ACCUSED OF BURGLARY.—Jacob Eilman, of the Pinkerton Detective Agency, yesterday arrested in Plymouth James Dulan, who is charged with the burglary of the Richmond Coal company's power house June 21. Squire Williams, of Peckville, committed Dulan to the county jail.

Stipp recently purchased at sheriff's sale property belonging to Schivis on Gibson street. Three months have elapsed since the sale, but Schivis remains in possession of the premises. GENTRY BROTHERS' SHOW.
Large Number of Well Trained Animals Are Carried.

Gentry Brothers' animal show opened a two days engagement on the Ash street grounds yesterday and delighted a large number of spectators at the afternoon and evening performances. A street parade was given yesterday noon in which all the ponies, dogs, elephants and monkeys took part. The animals carried by the show are a splendid collection of trained beasts. About sixty ponies, twenty dogs, four elephants and numerous monkeys comprise the menagerie. Several very clever acts are given, one of the most ingenious of which is the monkey fire department, which while not exactly a rarity, nevertheless affords a good deal of amusement. Tribby, a diminutive elephant, which has only been in the country three months, caused small panics at both the performances by being attacked by sudden fits of homesickness and trumpeting loudly and disconsolately. She refused to obey her trainer and filled the tent with loud howlings. After an interview with a base ball bat, however, Tribby saw the errors of her ways, and the spectators, who were beginning to crowd for the exit, went back to their seats.

FOURTEEN RECRUITS RECEIVED

Marine Recruiting Office Doing a Good Business.
Fourteen recruits have been received into the United States marine corps, at the local recruiting office, at the corner of Wyoming and Lackawanna avenues, since it was opened on Aug. 1. This may seem a small number, but according to Corporal Harry J. Ransom, who is in charge, it is a very high one.

There has been no lack of applicants, he it said, for just eighty-eight have so far presented themselves for enlistment, and the fact that out of this number only fourteen were selected, will show the strictness of the qualifications. Fifty-four of the applicants were turned down by the corpsman himself for various apparent physical defects, the principal one being defective teeth and outward evidences of the applicant being intemperate.

Twenty more applicants were turned down by the examining surgeon on account of various disabilities. The names of the recruits so far received are as follows: John Cunningham, Jr., of Wilkes-Barre; Deglan McGraw, of Nay Aug; John E. Kelly, of 123 Maple street; Thomas F. Barrett, of 2115 Pittston avenue; Peter J. Farrell, of 109 Lackawanna avenue; Fred Greenburg, of 112 Elm street; James A. Reddington and Edward A. Hanks, of Pittston; Jacob J. Fried, of Wilkes-Barre; John Bartley, of 33 South Washington avenue; Richard Davis, of 308 Tenth street; George H. Harvey, of 806 Eynon street; John P. Smith, of 1507 Prospect avenue, and Alfred F. Koons, of Shickshinny.

LACKAWANNA UNION LOCAL.

One Was Organized in Providence Last Night.

The employees of Storr's shafts, Nos. 1, 2 and 3, of the Lackawanna company, met last night in Osterhout hall, on West Market street, and organized a local of the Lackawanna union, the members of the members of these three collieries.

The meeting was called to order by George W. Bowen, who acted as temporary chairman. He made a brief address, in which he explained to the men present the advantages of belonging to an organization with which the Lackawanna officials have promised to confer rather than to one which they refused to have any dealing with. "Where there is harmony between the employer and the employee, better conditions will result," said he.

Other addresses were made by Vaughan Richards, John Neat, George Gleason, John Robinson and Andrew B. Jones. The work of organization was then taken up and one hundred and fifty men enrolled as members.

The following officers were then elected: President, George W. Bowen; vice president, James Reed; secretary, Joseph Stewart; treasurer, Andrew P. Jones; door-keeper, James Reed; delegate to the general executive board, John Robinson.

Organization of the miners employed by the Lackawanna company rapidly being completed. The British employees were organized Thursday night and the Cayuga employees will be organized the beginning of next week.

BOY KILLED AT TAYLOR.

Patrick Murray's Life Was Crushed Out Under Car Wheels.

Patrick Murray, the 11-year-old son of Patrick Murray, of North Main street, Taylor, was killed yesterday at the Holden mine, while playing around one of the railroad tracks. The boy was employed at the breaker as a sifter and with several other lads was playing at the track. They attached a rope to a gondola car and began pulling it down grade. The car moved rapidly, and the boys rushed out of its way. The Murray boy stumbled and fell across the rail. Before he could rise the car had passed over his body, badly crushing his breast and breaking both legs. He was dead when removed from under the wheels.

COMPANIES BEING NOTIFIED.

They Must Prevent Steam from Coming Through the Bridge.

Street Commissioner Thomas yesterday served notice on the officials of the Central national of New Jersey and of the New York, Ontario and Western railroad directing them to close the interferences between the plank flooring of the West Lackawanna avenue bridge so that steam from their passing locomotives will not frighten horses.

SCRANTON SOLDIER LED THE CHARGE

COLONEL WINT GAINS FAME IN CHINA.

New York Journal Correspondent at Chefoo Cables a Glowing Account of a Gallant Dash of the Sixth Cavalry, Led by Colonel Wint, Which Saves Tien Tsin and Puts 10,000 Chinese to Flight—Mrs. Wint Is Now with Her Relatives in This City.

Yesterday's New York Journal devotes more than half of its third page to an illustrated description of the gallant cavalry attack on Tien Tsin, that was led by Lieutenant Colonel Theodore Wint, of whose military deeds his fellow-Scrantonians are so justly proud.

The descriptive dispatch on which the article is based, has a full-page heading, "Our Cavalry Led by Colonel Wint, with Indians and Japanese, Make a Splendid Charge and Rout Chinese," and goes on to say:

SIXTH CAVALRY SAVES TIEN Tsin
It Charges 10,000 Chinese, Kills 400, Takes 200 Prisoners and Burns the Six Towns That Harbored the Marauding Army.

By Edwin Wildman, Staff Correspondent of the New York Journal at Chefoo, China.

(Copyright, 1900, by W. R. Hearst.)
Chefoo, Aug. 21 (via Shanghai, Aug. 21).—The 10,000 Chinese soldiers who massed near Tien Tsin with the object of cutting communications between the allied forces in Pekin and their base has been routed completely.

Colonel Wint went out at the head of a force consisting of the Sixth cavalry, United States of America, 275 Bengalese and Punjabis, mounted on their wily Indian horses, and 500 Japanese cavalry. He charged the horde of Boozers, who fought with the desperation of fanaticism, using rifles, gangle (huge guns that shoot slugs), swords and spears.

Though outnumbered his force almost ten to one, the Chinese were no match for it. The cavalrymen charged in, abating the Chinese right and left, sweeping them back across the mud flats and burning the villages harbored there.

Colonel Wint determined to give them a lesson that would not be forgotten. Four hundred were killed, three hundred prisoners taken and six towns were burned before the little force returned to Tien-Tsin.

Our loss was four men wounded. The marauding bands have been dispersed and the safety of Tien-Tsin which they have been threatening, has been assured.

It is reported that 15,000 Chinese from Honan are trying to flank the allied force now in Pekin from the south.

Colonel Wint was born in Scranton fifty-three years ago and lived here till the breaking out of the civil war, when he went to the front and served during the whole of the civil war. At the end of the strife, he re-enlisted in the regulars and ever since has been doing active service.

Step by step and through merit alone he worked his way from a private in the ranks to a lieutenant, then a captaincy and finally, for gallant conduct on the frontier, was made a major.

WOUNDED AT SAN JUAN.

At the breaking out of the Spanish war, he was a major in the Tenth cavalry and carried himself with great credit in all the engagements in which these hard fighters participated, until a bullet in the groin, at San Juan, laid him low and put him on the hospital for several months.

When he was able to report for duty he was rewarded by a promotion to the position of lieutenant colonel and given command of the crack cavalry regiment of the United States army, and consequently the crack cavalry of the whole world, the famous Sixth, whose commander, Colonel Summers, is in Europe on detached duty. The Sixth was one of the first bodies of soldiers hastened to China and, as told above, they upheld their glorious record with one of the most splendid of charges.

Lieutenant Colonel Wint is a brother of Louis and Irvin Wint, Mrs. Charles L. Hawley and Mrs. S. W. Edgar. His wife is now in this city, the guest of the Green Ridge Wints.

DOESN'T FAVOR EXTENSIONS.

City Engineer Says Sewer Inspectors May Neglect Duty.

City Engineer Phillips explained yesterday his reason for opposing the plan of extending the time limit fixed in the contracts for the construction of sewers. He says that it sometimes causes collision between the contractor and the sewer inspector.

"If the contractor secures an additional three or four months," said he, "why then in gratitude to him, the inspector, who gets that much extra work and pay is likely to overlook things. Then again if councils get into the habit of granting extensions, the inspector is likely to let the work drag at first, so as to make an extension of time necessary."

HARRIS OFF FOR MAINE.

Will Do Campaign Work for the National Committee.

Attorney John M. Harris, of this city, who has been engaged by the Republican national committee to stump the state of Maine, leaves this morning on his tour.

He will make his first address on Monday night at Seaport and from that time on will speak nightly at different places until Sept. 10.

The arbitrators found in favor of Mrs. Paul and awarded damages against Contractor Ruddy in the sum of \$150. C. O. Gardner represented the plaintiff, E. H. Burns and C. J. Daniels represented Mrs. Paul. Contractor Ruddy had no attorney.

WHENCE CAME IT?

Mysterious Wounding of a Pedestrian on Lackawanna Avenue by a Pistol Ball.

Isador Prataek, a South Side slater, was wounded in a mysterious manner while walking along Lackawanna avenue yesterday afternoon.

In passing the Hunt & Connell company's store a bullet of 38-calibre pierced the back of the rim of his hat, causing a painful abrasion, and dropped to the sidewalk at his feet. His head was bent forward at the time, he says, and the missile must have come towards him at a sharp angle.

He and all who were about at the time are positive there was no report of a gun, yet the bullet, judging from its angle and the fact that it cleanly pierced the rim of his hat, was not a spent one.

No one has been able to offer any reasonable explanation of where the ball could possibly come from.

MRS. BOYD GIVES BAIL.

Chicago Dowleites Send on Funds to "Persecuted" Sister.

Mrs. Clara Boyd yesterday entered bail before Alderman Kason, in the sum of \$500, on the charge of practicing medicine without a physician's license, and of being one of the persons who caused the death of Mrs. Lydia Newell, by neglecting to secure medical attendance for her when she was ill, and attempting to heal her by the "faith cures," in accordance with the dictates of the Dowle cure.

Mrs. Boyd telegraphed to Chicago Wednesday for funds to deposit as bail, and yesterday the money arrived.

One of the elders in the church also arrived, coming from Philadelphia, and will give Mrs. Boyd the benefit of his counsel and advice.

EXCURSION OF JR. O. U. A. M.

Over 1,500 Journeyed to Lake Ariel Yesterday.

The joint excursion of the thirteen councils of the Junior Order of United American Mechanics in this city and Dunmore was run to Lake Ariel yesterday and was attended by between 1,500 and 1,600 persons, who journeyed to the lake on a special train of fifteen cars, which left this city at 8:45 o'clock.

It was one of the largest and happiest crowds seen at the lake this year. The day passed without a mishap, the return trip being made at 6:30 o'clock, the train reaching this city at 7:30. Not a little of the success of the excursion is due to the efforts of Marvin Tuttle, who was the chairman of the committee on arrangements and who personally supervised the whole affair.

ANOTHER LEAGUE STARTS A CRUSADE

TO STOP THE SALE OF INTOXICANTS AT LAKES.

Superintendent W. H. Williams, of the Scranton District of the Anti-Saloon League, Claims That Beer and Whiskey Are Sold Without a License at Lake Ariel and Lake Lodore and Has Notified the Officials of Wayne County to Put a Stop to It.

Let those beware who sell intoxicating liquors at Lake Ariel and Lake Lodore without a state license, if there be any such, and rumor says there are, for the Anti-Saloon League, represented by its local superintendent, Rev. W. H. Williams, is after them.

Rev. W. H. Williams, who has taken charge of the work of the league in this part of the state with great enthusiasm, announces that beer and whiskey are being sold from booths at Lake Lodore and Lake Ariel in open violation of the law. He says he has searched the records and has found that while the proprietors of these places have taken the precaution to secure internal revenue licenses they have not got state licenses and hence are liable to arrest.

Both lakes are situated in Wayne county where Superintendent Williams has succeeded in organizing several branches of the Anti-Saloon League. He has waited upon the proper authorities and has called their attention to the alleged violation of the law, with a side hint that if they didn't cause the arrest of the violators, that the league will take the matter into its own hands.

A meeting of the Wayne County Baptist association, held at Damascus on Thursday, was addressed by Superintendent Williams, who told of this alleged illegal sale of intoxicants, and as the result of his remarks, a set of resolutions were adopted requesting Judge George S. Purly and the sheriff to do their duty by enforcing the law.

This movement by the league is the first practical work it has done in this part of the state. The work so far done has been the work of organization and preparation, so that now if circumstances should so require the organization is ready to become an active factor in the social life of Northeastern Pennsylvania.

While the motto of the league is "The Saloon Must Go," nevertheless its officers believe that first of all the liquor law of the state of Pennsylvania had and perilous in its effect, as they claim it is, must be observed and not until it is observed in a community do they believe that the work of eradicating the saloon should commence.

AMONG THE POLICE.

Owen Thatcher was arrested yesterday morning while stealing a ride on a Delaware, Lackawanna and Western train and was taken to the center street police station by Special Officer Goertz. He was arraigned before Mayor Mohr yesterday morning and discharged.

Edward Conroy and George Engle had a heated discussion on Lackawanna avenue early yesterday morning which terminated in a rough and tumble fight. Patrolmen Sartor and Hart arrested both men and yesterday morning Conroy paid \$5 and Engle \$8 to Mayor Mohr.

Nicholas Huber went into the center street police station early yesterday morning and acted in a very disorderly manner. He was ordered out by Sergeant Reese Jones and, on refusing to leave, was escorted to a cell and later paid his honor \$5.

A telephone message was received at police headquarters last night that a man was brutally beating a horse at the corner of Mulberry street and Monroe avenue. Acting Sergeant Conroy responded to the call and found several men at the corner holding a horse attached to a buggy and keeping away from it the owner, who was in a very drunken condition. The animal appeared to have been very roughly treated and Officer Conroy was informed by the people standing around that the man had beaten the animal most brutally. The horse was taken to B. L. Berry stable and the owner was removed to the central police station.

JARS. JARS.
About this time every year most housekeepers buy fruit jars. Mason Fruit Jars are made of glass, but all Mason Jars are not well made. Different shirt makers make different grades of white shirts, but they are all white. One can of fruit spoiled in a poorly constructed jar will more than pay the difference of two dozen good ones. Did you ever stop to think of it? We keep the best.
